## Education

### IMS Engineering College

B.Tech in Information Technology

2020 – 2024

Ghaziabad, Uttar Pradesh

### NIOS

Intermediate

2017–2019

Gorakhpur, Uttar Pradesh

### Nav Jeevan Mission School

High School

2015–2017

Kushinagar, Uttar Pradesh

## Experience

### TechnoFunnel

Web Development Using MERN Intern

July 2023 – August 2023

Ghaziabad, Uttar Pradesh

- Developed and maintained web applications using the MERN stack, creating interactive and user-friendly interfaces.
- Implemented RESTful APIs with Express.js, ensuring efficient data communication between front-end and back-end.

### Codsoft

Web Development Intern

August 2023 – September 2023

Ghaziabad, Uttar Pradesh

- This internship experience reinforced my understanding of web development best practices, responsive design, coding standards, and the importance of delivering high-quality user experiences.
- During my internship, I actively participated in the creation and maintenance of responsive and user-friendly websites, ensuring seamless functionality across different browsers and devices.

## Projects

### Spotify Clone | HTML , CSS , JavaScript

July 2022

- Successfully replicated the Spotify user interface and core features, including music playback controls and playlists.
- Demonstrated expertise in front-end development, emphasizing pixel-perfect design and user-centered UI/UX principles. Leveraged version control systems like Git for collaborative development, promoting efficient code management and teamwork..

### Face Detection System | C++ , OpenCV

March 2023

- implemented a highly accurate face detection system using C++ and OpenCV; achieved highly accuracy in identifying faces in images and videos, enhancing overall visual recognition capabilities..
- Created real-time face tracking and recognition features, enabling the system to follow and identify faces in dynamic environments.

### E-commerce website | HTML , CSS , JavaScript , React.js

May 2023

- Designed and Scheduled a responsive and visually appealing e-commerce platform using HTML, CSS, and React.js, ensuring optimal performance across devices.
- Led the development of a cutting-edge electronic e-commerce platform, leveraging HTML, CSS, JavaScript, and React.js to create a visually stunning and highly interactive user interface.

## Technical Skills

Languages: C++ , HTML/CSS , JavaScript

Developer Tools: VS Code,

Technologies/Frameworks: Git, GitHub

## Certificates

- Data Structures and Algorithm by (Code Help)
- CyberSecurity by Cisco Networking Academy(CISCO)
- Front-End Developer by Great Learning
- Employ Ability Skills by TCP Global
